How Can A.I. Help Us Make More Money?

A Trading Rule

Buy When:

Bollinger Band Channel narrows and then expands.

AND

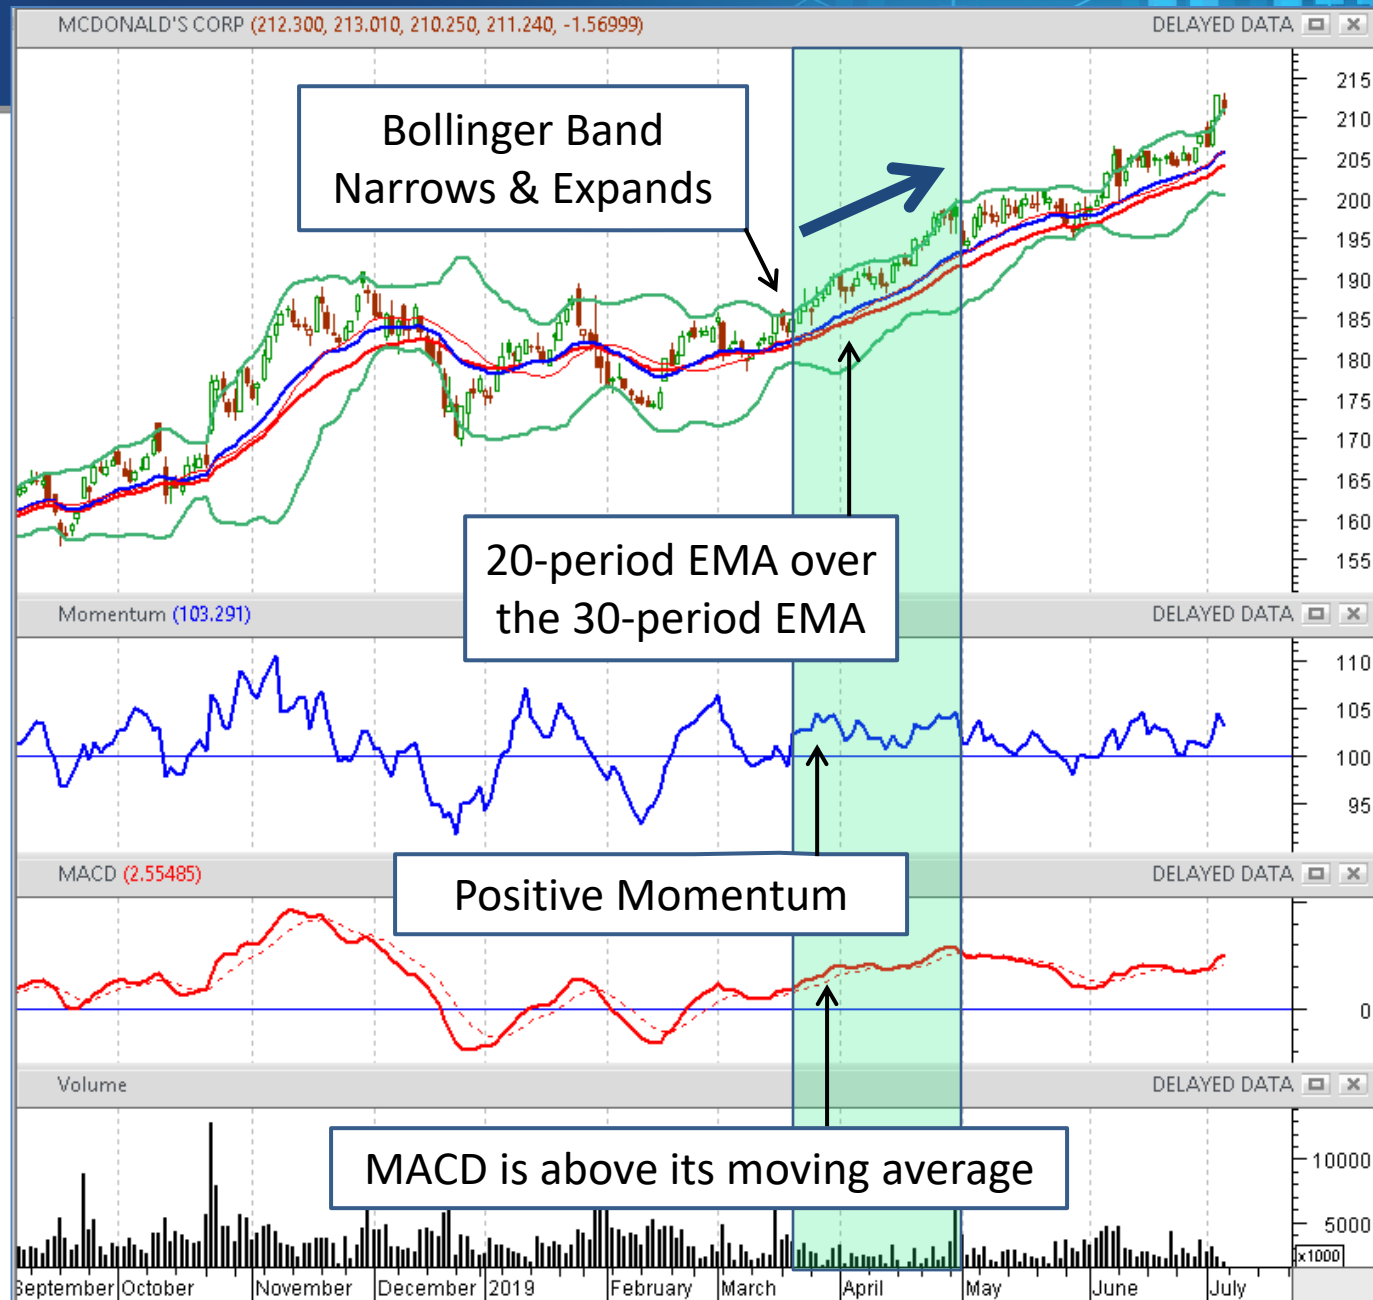

The 20-period EMA is over the 30-period EMA...

AND

Momentum is positive...

AND

MACD is above its moving average...

There are Hundreds of Indicators...

Acc/Swing Index	Linear Regression Indicator	Projection Bands
Accumulation/Distribution	Linear Regression Slope	Projection Oscillator
Aroon	MACD	QStick
Average True Range	Market Facilitation Index	r-squared
Bollinger Bands	Mass Index	Random Walk Index
CCI-Equis	Median Price	Range Indicator
CCI-Standard	MESA Sine Wave	Relative Momentum Index
Chaikin A/D Oscillator	Momentum	Relative Performance
Chaikin Money Flow	Money Flow Index	Relative Strength Comparative
Chande Momentum Oscillator	Moving Average	Relative Strength Index
Commodity Selection	Negative Volume Index	Relative Volatility Index
Correlation	On Balance Volume	Spread
Dema	Open Interest	Standard Deviation
Demand Index	Option Delta	Standard Error
Detrended Price Oscillator	Option Expiration	Standard Error Bands
Directnl Movement +DI	Option Gamma	Stochastic Momentum Index
Directnl Movement -DI	Option Life	Stochastic Oscillator
Directnl Movement ADX	Option Price	Swing Index
Directnl Movement ADXR	Option Theta	Tema
Directnl Movement DX	Option Vega	Time Series Forecast
Dynamic Momentum Index	Option Volatility	Trade Volume Index
Ease of Movement	Parabolic SAR	TRIX
Envelope	Performance	Typical Price
Forecast Oscillator	Polarized Fractal Efficiency	Ultimate Oscillator
Fourier Transform	Positive Volume Index	Vertical Horizontal Filter
Herrick Payoff Index	Price Channel	Volatility (Chaikin's)
Ichimoku Kinko Hyo	Price Oscillator	Volume
Inertia	Price ROC	Volume Oscillator
Intraday Momentum Index	Price Volume Trend	Volume ROC
Klinger Oscillator	Projection Bands	Weighted Close
		Wilder's Smoothing
		Williams' %R
		Williams' Acc/Dist
		Zig Zag

Each has MANY Interpretations

Periods:

- RSI(8)
- RSI(9)
- RSI(10)
- RSI(11)
- RSI(12)
- RSI(13)
- **RSI(14)**
- RSI(15)
- RSI(16)
- RSI(17)
- Etc.

Interpretations:

- **RSI(14)** Crosses Through Zero
- **RSI(14)** Above or Below a Level
- **RSI(14)** Accelerating Up or Down
- **RSI(14)** Diverging with Price
- **RSI(14)** Moving Average Crossover
- **RSI(14)** Peak Reversal
- Momentum on **RSI(14)**
- And more..

An infinite number of possibilities

FACT: With *just 100* indicators...

There are

1,000,000,000,000,000,000,000,000,000,
000,000,000,000,000,000,000

or *2 Septillian* possible combinations!

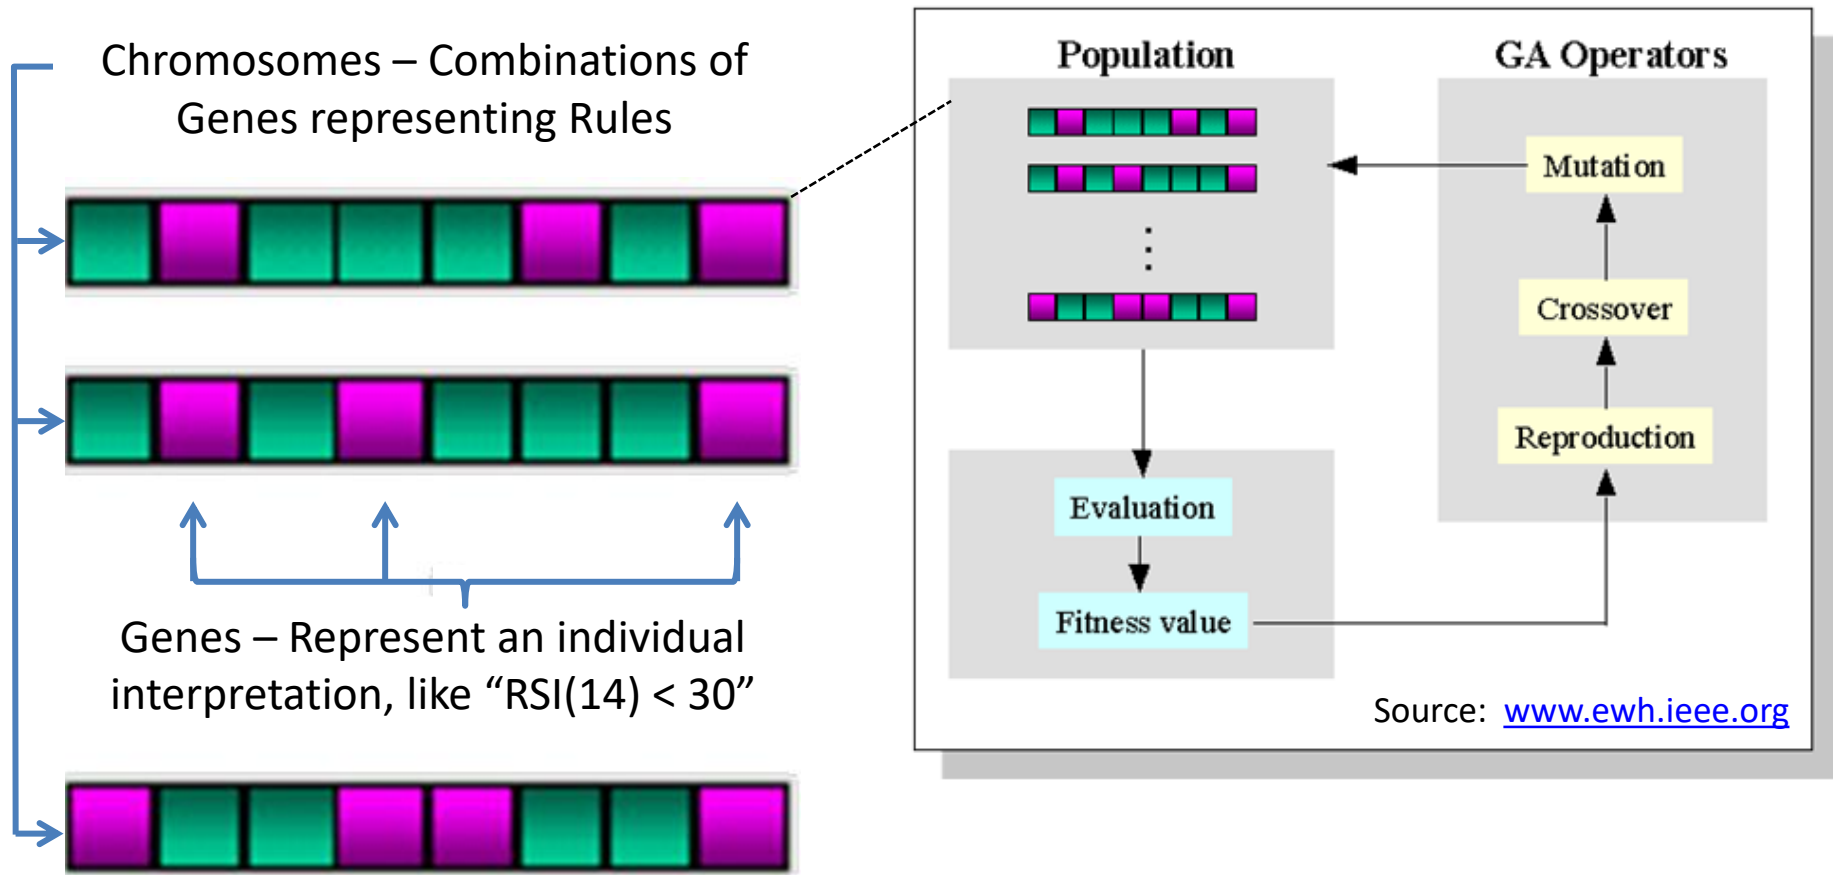

How can we find good Trading Rules?

A.I.

The Genetic Algorithm

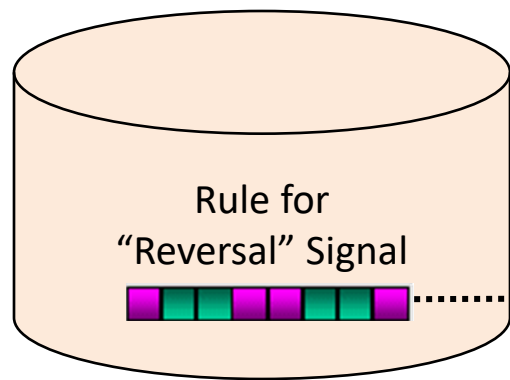

Using AI to Find Profitable Rules

The Algorithm **EVOLVES** the Population to find profitable Rules.

Result: Knowledge Base of Rules

A Knowledge Base of Rules is generated that identifies Great Opportunities.

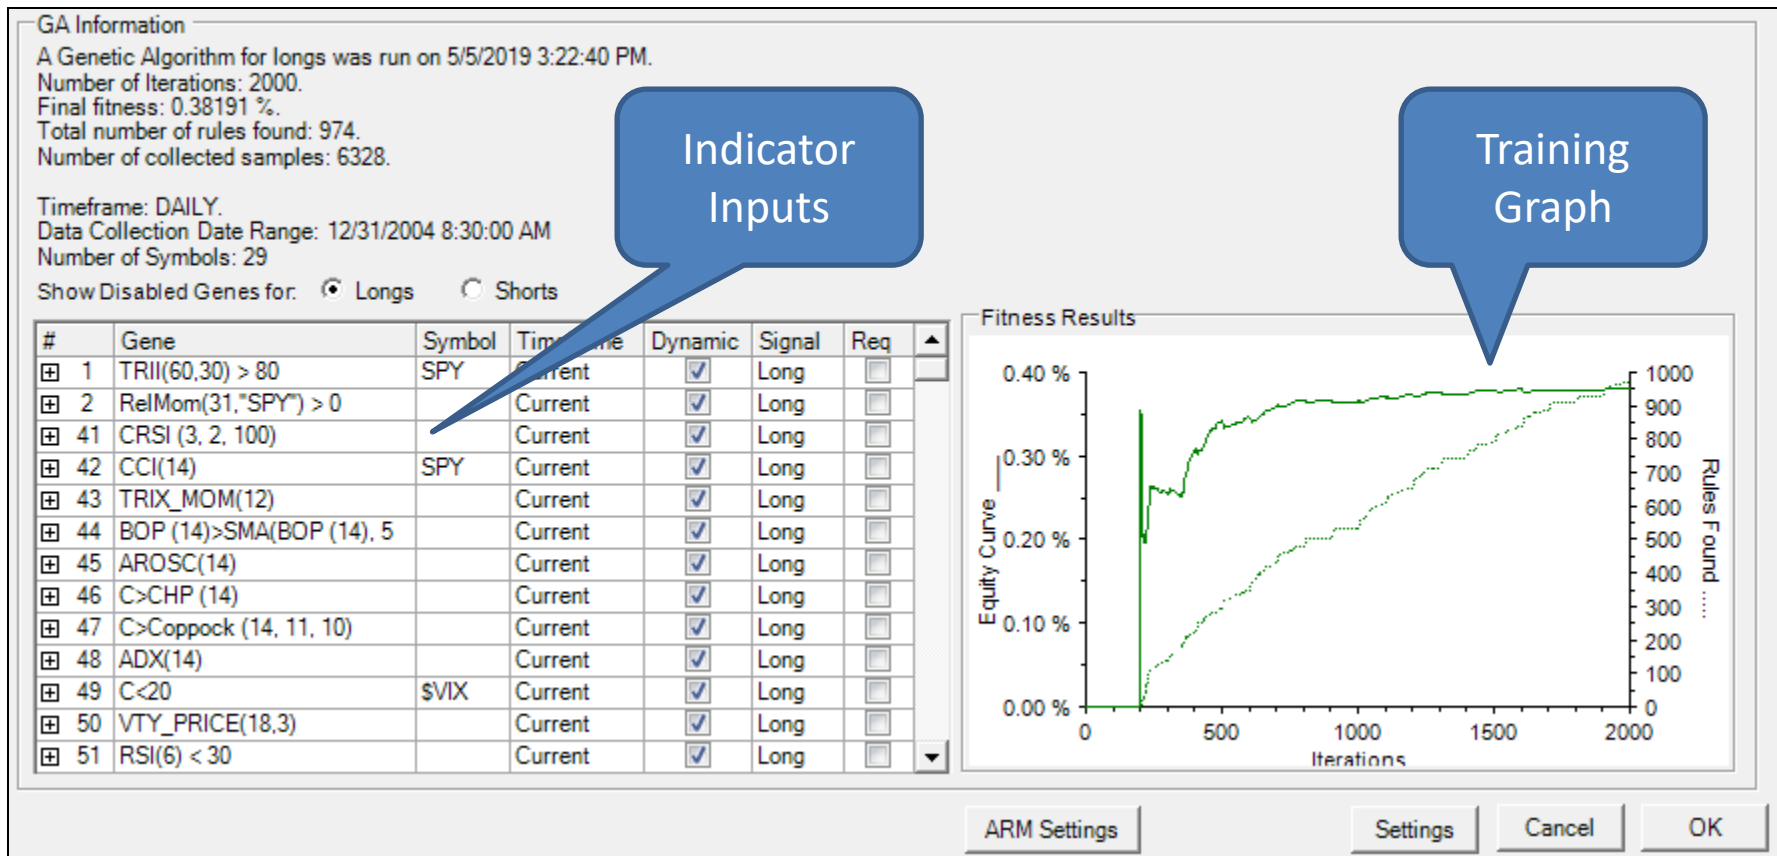

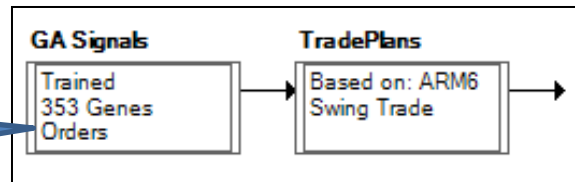

Knowledge Base of
Trading Rules

An A.I. Strategy

ARM6 Strategy Block

Recent Improvements to the G.A.

ARM6 has been DRAMATICALLY Improved
with over 20 MAJOR ENHANCEMENTS

The SETI Project

- ✓ Automatic Input Upload
- ✓ Automatic Input Replacement

Speed Improvements

- ✓ Multi-Core Training
- ✓ Multi-Core Signal Generation

Input Enhancements

- ✓ Separating Long/Short Inputs
- ✓ Ability to Use Multiple Filters
- ✓ Synchronous Freq. Domain Inputs
- ✓ Automatic Binning & Super Inputs

Training Enhancements

- ✓ Automatic Training Constraints
- ✓ Delta Fitness Input Scoring
- ✓ Automatic Input Reduction
- ✓ Manual Input Reduction
- ✓ Able to Continue Training
- ✓ Automatic Rule Reduction
- ✓ Internal Validation

Import Inputs: **NEW**

- ✓ Use Existing G.A.'s
- ✓ Import the BEST Rule Inputs
- ✓ Similar to Nuclear Centrifuge Collection Process.

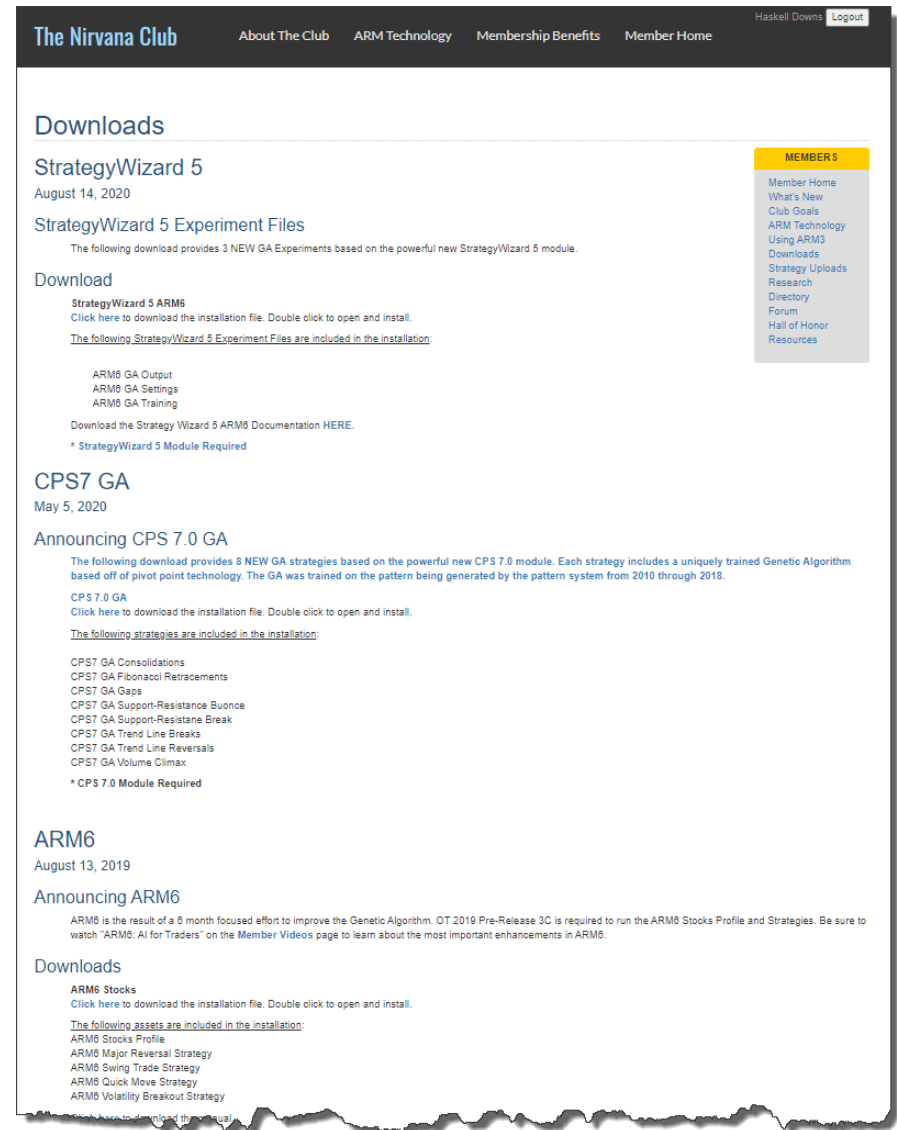

Using Nirvana Club A.I. Is Easy.

1. Strategy Downloads

Current Members
have access to all
Nirvana Club
Strategies we have
released.

A Separate Member
Page has Strategies
Members have
uploaded.

The screenshot displays the 'The Nirvana Club' website interface. The top navigation bar includes links for 'About The Club', 'ARM Technology', 'Membership Benefits', and 'Member Home', along with a 'Haskell Downs' button and a 'Logout' link. The main content area is titled 'Downloads' and features three distinct sections for different trading strategies.

StrategyWizard 5
August 14, 2020
StrategyWizard 5 Experiment Files
The following download provides 3 NEW GA Experiments based on the powerful new StrategyWizard 5 module.

Download
StrategyWizard 5 ARM6
Click here to download the installation file. Double click to open and install.
The following StrategyWizard 5 Experiment Files are included in the installation:
ARM6 GA Output
ARM6 GA Settings
ARM6 GA Training
Download the Strategy Wizard 5 ARM6 Documentation [HERE](#).
* StrategyWizard 5 Module Required

CPS7 GA
May 5, 2020
Announcing CPS 7.0 GA
The following download provides 8 NEW GA strategies based on the powerful new CPS 7.0 module. Each strategy includes a uniquely trained Genetic Algorithm based off of pivot point technology. The GA was trained on the pattern being generated by the pattern system from 2010 through 2015.
CPS 7.0 GA
Click here to download the installation file. Double click to open and install.
The following strategies are included in the installation:
CPST GA Consolidations
CPST GA Fibonacci Retracements
CPST GA Gaps
CPST GA Support-Resistance Buounce
CPST GA Support-Resistance Break
CPST GA Trend Line Breaks
CPST GA Trend Line Reversals
CPST GA Volume Climax
* CPS 7.0 Module Required

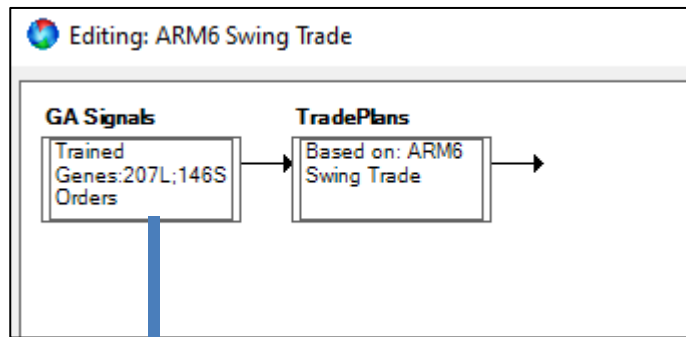

ARM6
August 13, 2019
Announcing ARM6
ARM6 is the result of a 6 month focused effort to improve the Genetic Algorithm. OT 2019 Pre-Release 3C is required to run the ARM6 Stocks Profile and Strategies. Be sure to watch "ARM6: AI for Traders" on the [Member Videos](#) page to learn about the most important enhancements in ARM6.

Announcing ARM6
ARM6 is the result of a 6 month focused effort to improve the Genetic Algorithm. OT 2019 Pre-Release 3C is required to run the ARM6 Stocks Profile and Strategies. Be sure to watch "ARM6: AI for Traders" on the [Member Videos](#) page to learn about the most important enhancements in ARM6.

A 'MEMBERS' sidebar on the right lists navigation options: Member Home, What's New, Club Goals, ARM Technology, Using ARM3, Downloads, Strategy Uploads, Research, Directory, Forum, Hall of Honor, and Resources.

Nirvana Club Power Tools

The **Valid Trend Line System** was inspired by the work of the late J.M. Hurst.

Highly correlated Trend Lines find the earliest possible Trend Line Break point.

A Nirvana Club Exclusive!

VTL-B Signals identified nearly every turn.

NOTHING Beats the Club.

Many Trading Systems cost \$3,000 to \$10,000. And that's all you get!

A Nirvana Club membership pays dividends for years to come.

"The Nirvana Club is the best way to improve your trading, develop friendships and make money!"

- Reece Beane

What Members are Saying

Members talk about their Nirvana Club Experience...

Club products have fr
discussed in the Foru
time I tune in. I have
member since it's beg
for help to Ed or one
left with the feeling th

I've been a Nirvana Club member since the beginning. Joining the Club has been one of the best "trading" decisions of my life. With the Club of other Nirvana this time

It has been a pleasant and productive experience being a member of the Nirvana Club and I would encourage any one serious about trading and becoming a member. ARM3 and serve me

The club has provided a place for myself and my peers to communicate and has opened up a whole world of sharing and camaraderie. Because of my many years in the club my trading knowledge and success has increased exponentially and I enjoy sharing my knowledge with other members.

– Jerome Sigalow

Al Abdulla

It has been a pleasant and productive experience being a member of the Nirvana Club and I would encourage any one serious about trading to join and become a member. Nirvana Systems and ARM3 are exceptionally well designed to serve my needs as a trader.

Joining the Club has been a pleasant and productive experience being a member of the Nirvana Club and I would encourage any one serious about trading to join and become a member. Nirvana Systems and ARM3 are exceptionally well designed to serve my needs as a trader.
